* Weeks
* Days
* Hours
* Minutes

NO.28 A line in the Agile Manifesto reads, "_____ and _____ over processes and tools".

Please select which option best completes the statement.
* Customer; Individuals
* People; Relationships
* Customers; Employees
* Individuals; Interactions

NO.29 Which three questions are answered by all Development Team members at the Daily Scrum? (Choose three)
* What work am I going to do today?
* Why were you late?
* What impediments are in the way of my accomplishing my work?
* What work did I do yesterday?
* How is the Sprint proceeding?
Explanation/Reference:

NO.30 Development Team members volunteer to own a Sprint Backlog item:
* During the Daily Scrum
* Whenever a team member can accommodate more work
* Never. All Sprint Backlog Items are "owned" by the entire Development Team, even though each one may be done by an individual team member

* At the Sprint planning meeting

NO.31 As the Sprint planning progresses, the workload has grown beyond the development team's capacity. Which action makes most sense for the Team?
* Work overtime for the Sprint
* Collaborate with the Product Owner and potentially remove or change items
* Cancel the Sprint
* Star the Sprint and recruit additional team members

NO.32 When many Scrum Teams are working on the same product, should all of their increments be integrated every Sprint?
* No, that is far too hard
* No, each Scrum Team stands alone
* Yes, but only the Scrum's Teams whose work has dependencies
* Yes, otherwise Product Owners may not be able to inspect what is done accurately

NO.33 Which of the following questions is not relevant for regular Scrum Meeting?
* What impedes you from perfuming your work as effectively as possible?
* Would you be able to finish your work on time?
* What will you do between now and next Daily Scrum meeting regarding this project?
* What have you done since the last Daily Scrum regarding this project?
Explanation/Reference:

NO.34 Which statement best describes what it means for an activity to be time-boxed?
* The activity must take place on a particular date
* The activity must start at a particular time
* There is a maximum time limit for the activity
* There is a recommended amount of time for the activity
