Pass Your HCIA-IoT H12-111_V2.5 Exam Easily with Accurate PDF Questions [Jun 30, 2022]
H12-111_V2.5 Certification Exam Dumps Questions in here

NO.24 What is the English name of the Internet of Things ()?

- * Internet of People
- * Internet of Theorys
- * Internet of Things .
- * Internet of Vehicle

NO.25 Among the following IoT access technologies, the highest power consumption is ()?

- * eMTC
- * LTE-V
- * GPRS
- * NB-IoT

NO.26 Which of the following options are the requirements faced by the Internet of Things in the industrial field

- * Temperature-40 degrees + 70 degrees
- * Strong anti-electromagnetic interference
- * Dustproof and waterproof
- * Humidity 30%-60%

NO.27 What is the maximum coupled line loss (MCL) of NB-IoT ()dB?

- * 144
- * 164
- * 164
- * 174

NO.28 The maximum coupling line loss (MCL) for NB-IoT is ()Db?

- * 144
- * 154
- * 164 .
- * 174

NO.29 Frequency hopping technology avoids continuous interference by constantly changing the physical channel used when uplink data is sent.

- * True
- * False

NO.30 Among the following options, what is the key technology that is not part of the Huawei AR gateway?

- * RFMesh technology
- * Energy management technology
- * Edge computing technology
- * PLC-IOT technology

NO.31 The frequency of NB-IoT Inband and Guardband cells can be arbitrarily configured within the supported frequency bands.

- * True
- * False

NO.32 Edge computing supports real-time services and can do ms-level data analysis

- * True
- * False

NO.33 Adding tasks to the task stack before the system is running is no different from adding tasks to the task stack after the system is running.

- * True
- * False

NO.34 IoT applications need to use () Portal to connect with the OceanConnect platform

- * Alarm monitoring Portal
- * SP Portal .
- * Operation Portal
- * OSS Management Portal

NO.35 Ar5 02E Gateway only supports Zigbee and RF wireless communication interfaces, not RS485 and Ethernet interfaces.

- * Correct
- * Error

NO.36 Power line communication technology is abbreviated as PLC, which refers to a communication method that uses power lines to transmit data and media signals.

- * True
- * False

NO.37 Among the following options, what is the key business of smart ONT ()?

- * smart speed up
- * family W-Fi non-dimensional coverage
- * intelligent mutual identification / intelligent business
- * Intelligent operation and maintenance

NO.38 The basic features of the HuaweiLiteOS kernel do not include the following () options?

- * Lightweight
- * Compatible with Linux
- * Low power consumption
- * Quick start management

NO.39 The Internet of Vehicles refers to cars and cars, cars and roads, cars and people

- * True
- * False
